6 Bedrooms | 3 Bathrooms | 1,621 Sqft

OPEN HOUSE. Sat- March 28th 1-3pm The rich exterior is just the start of this incredible home that offers soaring ceilings and generous windows throughout for natural light to stream in. Stunning kitchen provides generous workspace with 2-tone custom cabinetry, built-in appliances, and granite countertops. Dining space for the whole family. The great room is cozy, and the comforting crackle of the wood-burning fireplace will make those cold winter nights enjoyable. Upper level offers 3 bedrooms plus a music room/den. Master suite with a walk-in closet and an ensuite with glass shower. Main level laundry provides plenty of addition storage space. The lower level has floor heat. Family room with wood pellet stove, plus 3 additional bedrooms plus office. The garage is insulated and has floor heat. The backyard is your place of relaxation. Composite decking and garden area make this property move in ready to enjoy! (Basement flooring, baseboards and paint have been updated, paint update. Photos are before update.) Features:
